FOOD & WINE...

This Foodie Tour is not for the 'Fine Diners'....

Although we let our Travellers experience the very best on offer, we dip down to grass routes and explore local specialities from Cape Malay to Shisanyama (meat cooked over an open fire, Zulu style), to potjies.

On this journey, we are treated to a gourmet safari, where the Big Five and food are both given time and attention along with fabulous city chic bistros and the best of the Farmers Markets.

Gorgeous days are spent exploring the wine country, talking with the wine makers, watching them weave the alchemy deep in the cellars, with private tastings right out the barrels.

The marriage of food & wine, combined with exploring this amazing country, all blend together to make this a very special experience.

KNOW MORE...

Hello Traveller

Being based in the Cape and having spent the past 20 years in travel, my team and I are well placed to introduce you to South Africa and the wonderful food and wine that dreams are made of. My love of all things South African come together to make this Foodie & Wine Affair extra special.

This curated tailor-made itinerary gives some insight into the amazing food that South Africans have to offer and our wine heritage, which dates back to the 1600s. Yes, we could have only included the top eateries, some of which are in the "World's Top 50", but it is not just about the fancy fine dining. It is about experiencing our traditions and culture through food. Do you know that South Africa has 11 different languages... And that goes hand in hand with food.

So on this journey, we are treated to a gourmet safari, with food made over the open fire, boutique wineries where food pairings are finely balanced with small bites. And, we dine-out overlooking the beach whilst feasting on calamari and prawn pans.

Wintery nights are spent sipping port alongside the fire and long lunches are enjoyed in a private home, with a private Chef. We take time to visit Franschhoek, the gourmet capital of South Africa, to amble through this quaint and beautiful winelands village, sampling some of the finest wines in the region. Dinners are spent with Chef's showing off their incredible talent and regional specialities.

In between, we visit local eateries and bistros, enjoying sundowners on Table Mountain and spend an afternoon or two, reading a book, or taking an well earned nap.

We are there with you and take away all the unknown factors of visiting a new destination, right from your airport chauffeur, to where you sleep at night. From the time you arrive in South Africa, we will guide you through with VIP access, front row seats and share the stories.

We invite you to get intouch with us, learn a little more about this itinerary,

Warm Regards

Colleen
